GLUCOSE, LACTOSE AND SUGAR FREE
THIS PRODUCT CONTAINS SOYBEAN OIL AND FISH OIL.

OB Complete® Petite is a professionally prescribed multivitamin/ multimineral indicated for use in improving the nutritional status of women prior to conception, throughout pregnancy, and in the postnatal period for both lactating and non-lactating mothers.

CONTRAINDICATIONS

This product is contraindicated in patients with a known hypersensitivity to any of the ingredients.

PRECAUTIONS

Folic acid alone is improper therapy in the treatment of pernicious anemia and other megaloblastic anemias where vitamin B₁₂ is deficient. Folic acid in doses above 0.1 mg daily may obscure pernicious anemia in that hematologic remission can occur while neurological manifestations progress. Allergic sensitization has been reported following both oral and parenteral administration of folic acid.

WARNING: Accidental overdose of iron-containing products is a leading cause of fatal poisoning in children under 6 yrs. KEEP OUT OF REACH OF CHILDREN. In case of accidental overdose, call a doctor or poison control center immediately.

DRUG INTERACTIONS

OB Complete® Petite softgel capsules are not recommended for and should not be given to patients receiving levodopa because the action of levodopa is antagonized by pyridoxine.

ADVERSE REACTIONS

Adverse reactions have been reported with specific vitamins and minerals but generally at levels substantially higher than those contained herein. However, allergic and idiosyncratic reactions are possible at lower levels. Iron, even at the usual recommended levels, has been associated with gastrointestinal intolerance in some patients.

DIRECTIONS FOR USE

One softgel capsule daily or as directed by a physician.

Rx For Maternal Health

For use on the order of a healthcare practitioner
